

## **ARIZONA COURTLINES, INC. SPECIFICATIONS**

### **CUB-FIX-C (Chrome Finish) CUB-FIX-P (Powder Coat Finish) CHIN UP BAR (FIXED)**

Bar shall be 1" diameter solid steel rod. Formed supports and wall mounting plate shall be 1-1/2" wide x 1/4" thick steel flat strap. Formed supports shall extend the bar 16" from the wall (or mounting surface). Formed supports shall be spaced 3'-6" apart. All connections between Chin Up Bar assembly parts shall be welded at factory with a minimum weld of 1/4 inch. Four 1/2" diameter anchors shall secure Chin Up Bar assembly to the wall (or mounting surface). Bottom anchor shall be a minimum of 5'-6" above finish floor (safety purposes). The assembly can be mounted higher if desired. Installer to determine required height.

#### **CUB-FIX-C**

Complete assembly (excluding anchors) shall have chrome plate finish.

#### **CUB-FIX-P**

Complete assembly (excluding anchors) shall have powder coat finish.
