

ARIZONA COURTLINES, INC. SPECIFICATIONS

T B P - 3 (ACI MODEL #) TETHERBALL POST (312" DIAMETER POST)

Tetherball post shall be fabricated from 3-1/2" diameter galvanized steel tubing. Tubing shall extend 10'-0" above playing surface. For sleeve type posts post shall extend 9-1/2" below playing surface. For permanent type posts post shall extend 2'-0" into concrete footing (by installer). Post shall be equipped with an eyelet for cord and ball attachment. Post shall have a permanent cap, which cannot be removed (to prevent water damage and improve appearance).

Post shall have a galvanized finish. Powder coat finish optional (specify).
